

DEMANDS OF TELEGRAPHERS

MEMORIAL SENT TO WESTERN UNION DIRECTORS.

Copy Also Sent to Mrs. Sage and Miss Gould, as Stockholders—Want Union Recognized and Dismissed Operators Reinstated—Scale for Hours of Work.

Each member of the board of directors of the Western Union Telegraph Company received yesterday morning a sixteen page memorial of grievances prepared by the telegraphers employed by the company, who have been talking strike for about two weeks. The pamphlet was addressed to the "board of directors, Western Union Telegraph Company, Thomas T. Eckert, chairman," and recapitulates the complaints of the telegraphers, as already published. Copies were also sent to Mrs. Russell Sage and Miss Helen Gould, large stockholders, in the hope that they may use their influence with the directors to give the telegraphers a hearing.

The statement of complaints is prefaced by a preamble the substance of which is that up to the time of the organization of the union the conditions of the telegraphers were growing worse and since it was formed the officials of the company have shown antagonism to it by alleged arbitrary dismissals of men and women known to belong to the union.

The copy of a complaint filed with Chief Operator McMahon follows, giving six cases of alleged discrimination and arbitrary dismissals. The statement contains also a copy of a letter sent to President (Jory by a committee of five telegraphers, which says in part:

"On March 1, 1907, you announced an increase of 10 per cent. in salaries to the company's telegraphers. In this announcement you called attention to the increased cost of all material necessary to the company's maintenance. We took the mention of these facts to be also a recognition on your part of the increased cost of the telegraphers' growing expense, and since it was formed the officials of the company have shown antagonism to it by alleged arbitrary dismissals of men and women known to belong to the union.

After giving a number of cases of alleged discrimination against employees who are in the union and other grievances several concessions are asked. These include the reinstatement of telegraphers who have been dismissed or transferred to places with lower rating than their former places, the withdrawal of all opposition to the union, the establishment of an office to hear the complaints of the telegraphers, and these regulations as to hours of work:

Eight hours to constitute a day's work on dry ticks; seven and one-half hours on night ticks; seven hours to be a day's work on split and late night ticks and for telegraphers working extra, no tick to be worked into more than 10 hours. The company is also asked to supply the typewriters and to abolish the sliding scale.

Chairman Eckert of the board of directors would not discuss the statement yesterday. Jacob H. Schiff, one of the directors, said the executive committee of the Western Union would likely have the matter in mind. The executive committee held its regular weekly meeting yesterday, but it was said considered only routine business.

U. P. CREDIT ABROAD POOR.

E. H. Harriman Says It Tried to Borrow \$50,000,000 and Couldn't.

E. H. Harriman gave out yesterday the information that the Union Pacific made an attempt to borrow money in Europe. It was months ago, Mr. Harriman said, that the attempt was made, and he insists that there would have been a successful flotation of \$50,000,000 4 per cent. bonds but for the attack on railroad corporations early in the year. It was early in the year that the interstate commerce investigation into the Harriman lines was begun.

"But for these attacks," Mr. Harriman said in a report, "the money would have been brought here from Europe at a time our market urgently needed it. A different plan of financing was followed, as recently announced, and the result was a failure."

The time of the unsuccessful attempt to float a foreign loan was prior to the successful flotation by the New Haven of a \$20,000,000 loan in Paris. The New Haven loan was placed through the J. P. Morgan & Co., who presumably were the bankers who were unable to borrow money for the Union Pacific.

COPPER REPORT MEAGER.

Statement of Net Earnings at 9.2 Per Cent. Does Not Mean Much.

The Amalgamated Copper Company has published its report for the year ended April 30. It is as meagre as usual and the only new figures in it are the net earnings, which are put at \$1,154,400, compared with \$1,157,137 last year. This is enough to pay the dividends of 9.2 per cent. on the capital stock. The stock is on a basis of 8 per cent. It pointed out that Amalgamated was only a holding company and that its subsidiaries had declared dividends only large enough to insure the dividends of the parent company. The subsidiaries, it was stated, were strong in surplus, with which Amalgamated could draw what it needed.

A statement to the stockholders says that the development during the last year has proved that the ore bodies in the lowest levels of the Anaconda, the Colorado, the Boston and Montana and the Butte and Reason mines, are of a better grade than those on the immediate upper levels. The companies owned wholly or in part by the Amalgamated Copper Company, the report further, traced to the calendar year 1906 for their own and custom ore of about 275,000 pounds of refined copper, of which amount Amalgamated received 275,000 pounds from 224,000 pounds. All the company's copper has been sold up to July 1.

American Car and Foundry Dividends.

The directors of the American Car and Foundry Company declared yesterday a quarterly dividend of 1 1/2 per cent. on the preferred stock and 1 per cent. on the common stock. The preferred dividend remains unchanged on a 7 per cent. basis, as it has been since 1901, but the common dividend is an increase over last January when 1 1/2 per cent. was declared and puts the stock on a 4 per cent. basis.

Chicago City Railway Cuts Its Dividend.

CHICAGO, June 3.—Directors of the Chicago City Railway reduced the dividend rate from 9 to 6 per cent. in declaring the quarterly dividend on Saturday. This is the first step to bring the charges of the city railways within the income which may be expected under the new franchise ordinance, which requires a dividend of 10 per cent. of the net income with the city.

PROPOSALS

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, Room 1306, No. 15 to 21 Park Row, Borough of Manhattan, The City of New York.

SEALED BIDS OR ESTIMATES will be received by the Commissioner of Water Supply, Gas and Electricity at the above office until 2 o'clock P. M. on

FRIDAY, JUNE 14, 1907.

Borough of Manhattan and The Bronx. For furnishing, installing and testing Pivoted Galvanized Iron Frames and Sashes in Monitors on the Engine Houses of the One Hundred and Seventy-ninth Street and Avenue Pumping Stations.
